Unfortunately at this time it is too late for the doctor to be able to do her surgery and her deposit will be no longer valid. If you would like to reschedule please let us know and we can get that deposit and schedule when you are available. BCAH</li></ul> <p>Margaret Myrick 11/08/2024 08:23 am</p> |
| 10/28/2024 Weight/TPR    |             | Main note: Pet's weight was updated to Lbs                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
